

ADITYA KRISHNAKUMAR

Software Developer

Profile

Results-driven Software Developer with 3 years of experience in building responsive, scalable web applications. While maintaining deep expertise in frontend technologies (React, Angular), I have recently upskilled in Cloud and DevOps practices. I am now proficient in orchestrating cloud infrastructure using AWS and Terraform (IaC) and automating deployment pipelines via GitHub Actions. I am eager to learn new technologies and solve complex problems by providing the most efficient solutions to meet organizational goals.

Work Experience

MSM Unify

Jul 2022- JUN 2025

Angular Developer

- Developed dynamic and responsive web applications using Angular and TypeScript, including modular components and real-time dashboards.
- Enhanced performance and UX across key modules in the MSM Unify platform by rewriting legacy components with modern Angular best practices.
- Integrated secure and reliable payment gateways (Razorpay, BillDesk).
- Collaborated with product managers and backend teams to design and implement scalable UI solutions.
- Applied route guards, resolvers, and state management to create seamless navigation.
- Led peer code reviews and contributed to maintaining clean and modular code.
- Designed and implemented interactive data tables with DevExtreme Data Grid

MSM Unify

JAN 2022 - JUL 2022

Angular Developer - Intern

- Contributed to major frontend revamp projects.
- Learned and applied key frontend principles, agile workflows, and testing practices.

Skills
